HENRY H. WILSON,	} School Board.
IRVING T. GEORGE,	
EDWARD M. TUCKER,	

Health Officer's Report.

As it is customary for all officers to make a report of their work for the time for which elected, it becomes my duty to submit this, my first annual report, after three years' service as a member of the Board of Health and Health Officer of Canaan.

In compliance with the laws requiring it, a monthly report has been made to the State Board of Health, giving in detail the work done during the month. We have investigated four cases of scarlet fever, and have taken such measures as we believe has prevented the spread of the dreaded disease. We have also attended calls, in various directions, requiring written complaints, in order to trace the reports to their proper origin.

The health of our town up to the last outbreak of epidemic catarrh or influenza, has been unusually good for a number of years past, and with running water that about one half of our families use, and with the purest water in abundance that ever ran down hill, supplying the people of East Canaan, there is no good reason why, with the use of soap, dirt cheap, we should not still continue one of the healthiest towns in the state; and it seems to me that with our picturesque scenery, fine drives, and ample accommodations, we are justified in claiming for those seeking health and pleasure, this as one of the finest resorts to be found in New England.

Very respectfully, etc.,

E. M. TUCKER.
